

A Quick Guide to... Explain Everything

What is it?

Explain Everything is a free app and online collaborative whiteboard that works as a presentation and online teaching platform. Students and instructors can add media, sketch, annotate, record, edit interactions, voice overs, and more.

How is it used in class?

- Explain Everything integrates with Canvas and works as a remote online learning space.
- Instructors can record lessons and presentations.
- Students can share whiteboards to work together on concepts or presentations.

Membership Structure:

FREE
\$0

- Up to 3 projects
- 1 slide per project
- Export a 1 min. video
- Web Video Link Sharing

TEACHER
\$34.99/yr

- Unlimited projects
- Unlimited slides
- Unlimited recording
- Shared folders

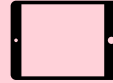

TEAM
\$89.99/yr

- Company account
- Team shared folders
- Pooled storage

The Basics

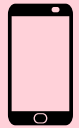

Works On:

Tablets

Laptops

Smart Phones

Learning Curve:

How is this beneficial to students & instructors?

Students

- Students can grow and integrate new digital skills with different subject presentations.
- Videos can be split up and specific sections can be redone which helps with the pressure of creating perfect presentations.

Instructors

- Instructors can record lessons and presentations to put on Canvas as an online learning option or extra learning content for students.
- Audio recordings can act as annotations to have instructors guide students.
