

# A Quick Guide to...Google Slides

## What is it?

Google Slides is a Google associated free app and online interactive slideshow creator. With sharing features instructors and students can comment, edit, and view the simple, fun, and easy to make presentations both in and outside the classroom.

## The Basics

Works On:

Tablets

Laptops

Smart Phones

Learning Curve:

<1 hr.

2-3 hrs.

>5 hrs.

## How is it used in class?

- Google Slides can be used for in class presentations.
- If shared, students and instructors can add comments and notes onto the Slide in class.

## Membership Structure:

**FREE**  
**\$0**

- Part of the Google Workspace for Education that all of UK can access with their MyUK Google account

## How is this beneficial to students & instructors?

### Students

- Gives students a fun way to collaborate online and remotely.
- Easy way to participate in class discussions without having to speak in front of the class.
- Easy to use presentation platform for any presentations.

### Instructors

- Instructors can monitor who is and who is not participating on the Slide.
- Instructors can also keep track of who was in class by looking at past edits.
- Can be a simpler alternative to PowerPoints.
- Easier to share with students.
