Learning Curve:
<1 hr.   2-3 hrs.   >5 hrs.

How is it used in class?

Jamboard is great for visual assignments, as a tool to aid in discussion, or small group work, like brainstorming or storyboarding for a video project.

How is this beneficial to students & instructors?

Jamboard gives students alternative ways to participate in class discussions, as well as engage with visual mediums through drawing, importing images, or even annotating ones supplied by the instructor.

Instructors can use Jamboard to create interactive lessons that are organized and easy to follow, while having the ability to monitor participation. Jamboard provides a fun alternative to discussion posts.
