

A Quick Guide to... Keynote

What is it?

Keynote is a free and easy to use Apple created presentation app that is useful for students and instructors looking to create interactive and entertaining presentations.

How is it used in class?

Keynote can be used by both students and instructors to create slideshow presentations for a variety of topics. This app also allows for group collaboration between students when they use the share feature.

FREE
\$0

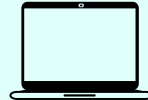

- Free on all Apple iOS devices
- Also available on a browser by logging into iCloud with an Apple ID

The Basics

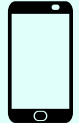

Works On:

Tablets

Laptops

Smart Phones

Learning Curve:

<1 hr.

2-3 hrs.

>5 hrs.

How is this beneficial to students & instructors?

Students

- Gives students an alternative to complex PowerPoints which usually require desktops.
- Provides a safe, online, and remote collaboration space.

Instructors

- Instructors can use Keynote as a fun alternative to PowerPoint or Google Slides which can become tedious.
- Helps instructors promote collaboration and provide an easy way for group work to be done.
