A Quick Guide to...Mentimeter

What is it?

Mentimeter is a web-based presentation tool that allows students and instructors to create presentations, polls, and test student's knowledge in a fun interactive environment.

How is it used in class?

Instructors can add interactive elements like polls and quiz questions directly into their slides presentations. Mentimeter provides a code and students can respond to the polls and quiz questions using their smartphone, tablet, or laptop.

The Basics

Works On:

Tablets   Laptops   Smart Phones

Learning Curve:

<1 hr.   2-3 hrs.   >5 hrs.

How is this beneficial to students & instructors?

Mentimeter encourages students to incorporate self-assessment and metacognition, two highly effective ways to foster memory retention, by building interactive polls and quizzes into slides presentations and lectures.

Instructors can use Mentimeter to test student comprehension, support memory retention, and break up large blocks of passive listening with active learning strategies.

Membership Structure:

FREE $0
- Up to 5 quiz slides
- Up to 2 question slides
- Unlimited presentations

BASIC $11.99/mo
- Unlimited questions
- Import presentations
- Export results to Excel

**PRO** $24.99/mo
- Create a team
- Collaborate with others
