A Quick Guide to... MindMeister

What is it?

MindMeister is an app and online brainstorming space where students and instructors can organize and visualize their thoughts for projects, papers, assignments, etc.

The Basics

Works On:
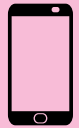

Tablets | Laptops | Smart Phones

Learning Curve:

<1 hr.   2-3 hrs.   >5 hrs.

How is it used in class?

- MindMeister can be used by students for group brainstorming and project planning.
- Instructors can create presentations, organize lesson plans, and more.

How is this beneficial to students & instructors?

Students

- Students can copy and paste outlines and MindMeister will split the text into a mind map to help with comprehension.
- Mind maps are also shareable which allows a safe and easy space for students to share ideas, brainstorm, and collaborate remotely.

Instructors

- Instructors can also use the outline feature to help visualize lesson plans and organize concepts.
- MindMeister has been known to improve memory and content recall.
- MindMeister also has an Edu Campus membership option that can be customized for the instructor by contacting MindMeister.
