A Quick Guide to...Miro

What is it?

Miro is a free app and online collaboration tool where students and instructors can work together to write down ideas, leave comments and feedback, and plan group projects on a digital whiteboard.
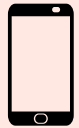

The Basics

Works On:

Tablets   Laptops   Smart Phones

Learning Curve:

<1 hr.   2-3 hrs.   >5 hrs.

How is it used in class?

- Students and instructors can create a board for brainstorming.
- A board could be shared among the class for a class participation activity.

How is this beneficial to students & instructors?

Students

- Allows students a way to collaborate online and remotely.
- Easy way to plan out individual or group projects, mockups, storyboards, etc.
- On shared boards students can provide comments and feedback to help the other student grow and strengthen their plan.

Instructors

- Instructors can also use it as a way to collaborate with their peers.
- If the board is shared it can help instructors keep track of the progress of students to make sure that they are headed in the right direction.

Membership Structure:

FREE	$0	• 3 editable boards • Premade templates • Basic attention mgmt.
