# A Quick Guide to... Nearpod

## What is it?

**Nearpod is an app and online learning tool where instructors can create interactive presentations including quizzes, polls, video responses, and more.**

## The Basics

**Works On:**
Tablets    Laptops    Smart Phones

**Learning Curve:**
<1 hr.       2-3 hrs.       >5 hrs.

## How is it used in class?

- Instructors can create Nearpod lessons that can be completed in or outside of class with a five letter code.
- Instructors can monitor the polls and quiz responses within the Nearpods and choose which subject to review.

## How is this beneficial to students & instructors?

**Students**

- Students can move at their own pace on each Nearpod.
- After completion of the Nearpod lesson, students can collaborate and review the problems and content they had difficulty with.
- Students do not need accounts to access Nearpods.

**Instructors**

- Instructors can create their own Nearpods or use a pre-made lesson in the Nearpod library.
- Instructors can monitor student progress and receive feedback on student responses.
- Nearpod lessons can count as a graded assignment or an asynchronous learning option.
- If contacted, Nearpod provides a Higher Education version that gives instructors even more flexibility with Nearpod.

## Membership Structure:

**FREE**
**$0**
- 40 students per lesson
- Import PowerPoint/PDF lessons
- Integrates with Google & Canvas

**GOLD**
**$10/mo**
- 75 students per lesson
- Google Slides add-on
- Drag & drop creation and activity bank

**PLATINUM**
**$29/mo**
- 90 students per lesson
- Increased storage
